

## Nina & Sophia Meeting Notes

- Going w/ mockup #2 (more book-themed)
- Each individual page could look like a page in the book
- We both like nav links in the middle, Sophia could experiment with nav link at top if she wants
- Experiment w adding illustrations of brothers on main page, if it doesn't go w look then scrap
- Sources link drop to footer, replace with a new link in the middle (Nina to get back to Sophia on that)
- Title more brothers-facing and less story-facing
